

INDUCTION TRAINING PROGRAM FOR TEACHERS

3 to 7 January, 2023

Jointly organised by

ISTE Chapter
St. Joseph's College of Engineering & Technology, Palai

and

ISTE Kerala Section

About the PROGRAM

The teachers in higher education have increasingly felt the need for a formal training course at the beginning of their career to prepare themselves for their professional journey. Teacher induction program can help new teachers to improve practice, learn professional responsibilities and ultimately, positively affect student learning. In addition to providing support to beginners, these programs allow veteran teachers to reflect upon practice and can unite the learning community as each individual works toward the same goal of improving the quality of education.

This induction program will provide proper guidance to fresh teachers on student psychology, classroom management and ICT based instruction modules to help them moulded as a good teacher. This program also aims to give an exposure to the trends, issues and challenges in this field. The induction program will help the participants to assess their own teaching in the micro teaching session and to apply effective communication & motivational techniques.

Program CONTENTS

- Learner and the learning process
- Roles of a teacher
- Professional integrity and ethics
- 21st century competencies for a graduate
- Classroom management
- Methods and materials for teaching
- ICT based instruction modules
- OBE & quality assurance in education
- Bloom's taxonomy and pedagogy
- Project funding and scientific publishing
- Institutional sustainability
- Micro-teaching
- Counseling and mentoring

Mr. Jibin Philip (Asst. Prof. - Dept. of CSE)

Mr. Jacob Thomas (Asst. Prof. - Dept. of AD)

SJCET Palai

St. Joseph's College of Engineering and Technology, Palai, Kerala was established in 2002 by the Diocese of Palai. Discipline, Hard Work, Positive Thinking, Commitment to excellence and abiding Faith in the Almighty are the guiding principles that propel the college to its vision of emerging as a Centre of Excellence in technical education in the country.

Value systems such as eco-friendliness, quality consciousness and work ethics are also being instilled through the special work culture and campus life existing in the college which helps the student community of this college to serve the society in a more organized and effective manner.

VISION:

Developing into a world-class, pace-setting Institute of Engineering and Technology with distinct identity and character, meeting the goals and aspirations of the society.

MISSION:

- To maintain a conducive infrastructure and learning environment for world-class education.
- To nurture a team of dedicated, competent and research-oriented faculty.
- To develop students with moral & ethical values, for their successful career by offering variety of programmes and services.
