

ST. JOSEPH'S

COLLEGE OF ENGINEERING
AND TECHNOLOGY,
- PALAI -

ACTION TAKEN REPORT BASED ON THE FEEDBACK FROM ALUMNI FOR THE ACADEMIC YEAR 2018-19

This institution is affiliated to APJ Abdul Kalam Technological University. The Board of studies prepares the curriculum based on the feedback and suggestions from the affiliated colleges through the conduct of meetings with Principals before preparing the curriculum.

For continuous improvement in the quality of course delivery, institution obtains feedback on curriculum design, course delivery and the support required by the students from the department and the institution. Based on the feedback collected from the alumni, Following are the decisions taken by the institution.

1. It was decided to conduct gap filling courses and talks by the individual department. One Expert talk is to be organized during the current semester by each department. (Notice dated 21/02/2019)
2. It was decided to incorporate more hands-on, project-based learning opportunities to the students. This includes internships, co-op programs (Co-op - short for cooperative education, is a program that balances classroom theory with periods of practical, hands-on experience prior to graduation) and capstone design projects. This provides a real-world experience to the students in solving complex engineering problems.
3. Decided to incorporate more case studies and problem-based learning during the course delivery. This helps students to develop the skills necessary to analyse and interpret complex engineering problems.
4. Decided to provide opportunities for students to work in interdisciplinary teams, where they can collaborate with students from other fields, can help them gain a broader perspective on the problem-solving process and learn how to apply their technical skills in a wider context.
