Summary of Student Feedback Analysis on Teaching Effectiveness (2018-19)

In accordance with the feedback protocol at SJCET, if over 40% of students rate any specific question on the feedback form as either poor or satisfactory, corrective measures are set in motion. The institution places significant emphasis on enhancing the amenities available to students.

After a thorough evaluation of student feedback concerning infrastructure, the following observations were made:

1. There is a strong recommendation for enhancing the quality of food services in the hostels.

2. A call for improved accessibility to the internet within the hostel premises has been highlighted.

3. Students have expressed a desire for enhancements in the facilities provided at the Gym.

In light of this analysis, it is worth noting that, even if some responses fall below the 40% threshold, action may still be taken, demonstrating the institution's dedication to bettering student experiences. The student feedback analysis underscores the institution's commitment to continuously improving the facilities and services provided. The identified areas, such as food quality, internet accessibility, and gym facilities, will be given due attention to ensure an overall enhanced student experience.

ACTION TAKEN REPORT BASED ON THE FEEDBACK FROM STUDENTS ON TEACHING EFFECTIVENESS

FOR THE ACADEMIC YEAR 2018-19

This institution is affiliated to APJ Abdul Kalam Technological University. The Board of studies prepares the curriculum based on the feedback and suggestions from the affiliated colleges through the conduct of meetings with Principals before preparing the curriculum.

For continuous improvement in the quality of course delivery, institution obtains feedback on curriculum design, course delivery and the support required by the students from the department and the institution. Based on the feedback collected from the students, Following are the decisions taken by the institution.

1. Two-day OBTL training program was imparted to the faculty members to improve the teaching effectiveness. (Notice dated 13 Feb 2019, training conducted on February 18 and 19).

2. Members of Faculty are given motivation and guidance during the department meeting to exhibit sincerity and timely completion of the sessions planned. Reasons for variance in the sessions planned and executed are discussed in the Department meeting and additional sessions are arranged for timely completion the portions.
