Summary of Student Feedback Analysis on Teaching Effectiveness (2020-21)

SJCET's commitment to delivering exceptional education through Outcome-Based Education (OBE) is reflected in its rigorous approach to teaching effectiveness. The institute has set a standard, whereby if a faculty member's overall teaching effectiveness falls below 70%, corrective measures must be taken.

An in-depth analysis of student feedback highlights a common concern: the need for faculty to update their subject knowledge. Students recommend that faculty take part in Faculty Development Programs and NPTEL courses to stay abreast of the latest developments in their respective fields.

SJCET's relentless pursuit of improving course quality is commendable. By encouraging faculty to enhance their knowledge through continuous learning initiatives like Faculty Development Programs and NPTEL courses, the institute can bridge the gap between student expectations and actual teaching effectiveness. This proactive approach aligns with SJCET's mission of providing top-tier education.

ACTION TAKEN REPORT BASED ON THE FEEDBACK FROM STUDENTS ON TEACHING EFFECTIVENESS FOR THE ACADEMIC YEAR 2020-21

This institution is affiliated to APJ Abdul Kalam Technological University. The Board of studies prepares the curriculum based on the feedback and suggestions from the affiliated colleges through the conduct of meetings with Principals before preparing the curriculum.

For continuous improvement in the quality of course delivery, institution obtains feedback on curriculum design, course delivery and the support required by the students from the department and the institution. Based on the feedback collected from the students, Following are the decisions taken by the institution.

1. It was decided in the council that each faculty in our college should take up at least one FDP and One NPTEL course in a semester (Minutes dated 4/11/2020).
2. For Quality enhancement of Faculty in the delivery of courses, it was decided that representatives from each department shall attend One-week online training program on Outcome based Education with Assessment and Evaluation at Sahradaya College of Engineering and Technology. (Notice dated 23/10/2020).
