# Analysis Report - Academic Year 2022-2023
Feedback Analysis Report of Students on Infrastructural Facilities 2022-2023.
Classroom

Classrooms- space, ambience and furniture quality.

Clean and tidy upkeep of the classroom.

Natural lighting and ventilation in the classroom.

Electricity & Water Supply

Uninterrupted 24 x 7 electricity supply in the college and hostels.

Unlimited round the year water supply in the college and hostels.
Teaching Learning Process

Availability of sufficient teaching aids such as LCD projector, models etc. for course delivery

Laboratory Facilities

Availability of well-equipped physics,chemistry and departmental laboratories for practicals.

Workshops

Well-equipped workshops for electrical, electronics, mechanical & civil departments for workshop classes.
Library Facilities

Availability of reprographic centre inside the campus.

Library facilities provided for students.
Online accessibility of educational sites, e-journals and open courses (NPTEL etc).

Working hours of library.

## Campus Internet Connectivity & Wi-fi

Quality of wi-fi enabled campus and accessibility to e-learning sites.
Medicare Facility

Attention to medical emergencies inside the campus.
Student Comforts

Adequacy of rest rooms and toilets in the campus.

Cleanliness of restrooms.
2. Cleanliness of rest rooms.

Quality of food and service offered in the canteen.

1. Quality of food and service offered in the canteen.
Banking & Postal Facilities

Facility for banking inside the campus.

1. Facility for banking inside the campus
Facility for post office inside the campus.
Transportation Facility

Adequacy of college buses provided to various destinations and timings.
Comfort level provided in the college buses.

Vehicle parking facility for day-scholar students
3. Vehicle parking
facility for
day-scholar
students
Hostel Accommodation Facilities

Accessibility of internet in hostels.

2. Accessibility of internet in hostels.

Quality of food in hostels.
3. Quality of food in hostels.

Quality of hostel rooms, furniture and amenities.
1. Quality of hostel rooms, furniture and amenities
Waste Disposal

Incinerators for solid waste burning.

1. Incinerators for solid waste burning.
Sewage and wastewater treatment.
3. Sewage and waste water treatment.

Waste collection using waste bins.
2. Waste collection using waste bins.

Summary of Student Feedback Analysis on Infrastructure (2022-23)

The feedback mechanism at SJCET demonstrates a proactive approach in addressing student concerns and initiating measures to enhance the facilities provided to them. Below is a summary of the analysis of student feedback regarding infrastructure improvements:

1. **Improving Hostel Food Quality:** Students have suggested implementing enhancements in the quality of food served in hostels. This feedback emphasizes the significance of providing a superior dining experience for students residing in hostels. Consequently, the institute may contemplate upgrading its hostel food services to meet the expectations of the students.

2. **Enhancing Internet Accessibility in Hostels:** The feedback indicates that students are seeking improved internet accessibility in hostels, recognizing the critical role of reliable and fast internet in academic and personal use. The institute may take steps to enhance internet connectivity in hostel areas, ensuring that students have seamless access to the necessary resources.

3. **Upgrading Gym Facilities**: Students have recommended improvements in the gym facilities. This feedback highlights the importance of maintaining a well-equipped and easily accessible gym for students who prioritize physical fitness and well-being. To address this request, the institute may consider investing in the upgrade of gym equipment and expanding the existing facilities.

It is commendable that SJCET is responsive to student feedback and acts even if feedback scores for certain questions fall below the 40% threshold. This approach underscores the institution's commitment to continual improvement and ensuring a positive experience for students during their time at the institute.

ACTION TAKEN REPORT BASED ON THE FEEDBACK FROM STUDENTS ON INFRASTRUCTURAL FACILITY FOR THE ACADEMIC YEAR 2022-23

This institution is affiliated to APJ Abdul Kalam Technological University. For continuous improvement in the infrastructure facilities provided to the students, the institution obtains feedback from students. Based on the feedback collected from the students, Following are the decisions taken by the institution for improving infrastructural facilities

1. Hostel mess committee is constituted to monitor the SJCET hostel mess and other allied facilities in a smooth manner. They are instructed to meet once in a month to evaluate and to take appropriate actions to conduct the hostel mess and allied facilities so that quick actions can be taken for the benefits of the inmates of the hostel.

2. Inorder to improve the WIFI facilities, access points are increased based on the number of students in the hostel.

3. As per the suggestions from the students, gym facilities were enhanced by purchasing body fitness equipments.
