Non Department Elective (B.Tech (KTU)-S8)

Elive Campus – Add-on Functionality

St.Joseph's College Palai

Affected Modules/Areas: - (Functionality changes and New Features on User Interface)

1) Subject Master(Functionality Change for NDE)
2) NDE Group Master(New Functionality)
3) NDE Student Group Mapping (New Functionality)
4) Time Table Master(Functionality Change for NDE)
5) Date wise Timetable(Functionality Change for NDE)
6) Day wise Teacher Timetable(Functionality Change for NDE)
7) Teacher Timetable(Functionality Change for NDE)
8) Attendance Edit and Removal(Functionality Change for NDE)
9) Student Duty Leave Entry(Functionality Change for NDE)
10) Student Wise Attendance Entry(Functionality Change for NDE)
11) Assignment Module (Functionality Change for NDE)
12) Assignment Verification(Functionality Change for NDE)
13) Internal Exam Module (Functionality Change for NDE)
14) Internal Exam Verification(Functionality Change for NDE)
15) Sessional Mark Settings(Functionality Change for NDE)
16) Sessional Mark Module (Functionality Change for NDE)
17) Sessional Exam Verifications Tutor, HOD and Principal (Functionality Change for NDE)
18) University Exam Module (Functionality Change for NDE)
19) University Grade Entry(Functionality Change for NDE)
20) Survey Module(Functionality Change for NDE)
21) Progress Report(Functionality Change for NDE)
22) SMS Notifications(Exam Details and Attendance) (Functionality Change for NDE)
23) Reports (Functionality Change for NDE):-
    1) Timetable Reports
    2) Progress Report

Signed By:Devassia V P
Date:14.09.2023 18:26

3) Attendance Reports
4) Assignment Report
5) Internal Exam Reports
6) Sessional Mark Reports
7) Survey Reports
8) University Exam Result Reports
9) Supplementary Report
10) Result Analysis Report
11) CGPA Report

24) Parent Login (Functionality Change for NDE)
1) University Exam Details
2) Progress Report
3) Sessional Report
4) Assignment
5) Back Paper List
6) University Exam Report
7) Survey
8) Time Table
9) Subjects and Faculty Details
10) Attendance Reports

25) Student Login (Functionality Change for NDE)
1) University Exam Details
2) Progress Report
3) Sessional Report
4) Assignment
5) Back Paper List
6) University Exam Report
7) Survey
8) Time Table
9) Subjects and Faculty Details
10) Attendance Reports

Note:-

Signed By:Devassia V P
Date:14.09.2023 18:26

- **Timetable Management, Attendance, Assignment, Internal Exam, Sessional Mark and University Exam will follow same system but students list will be based on the group mapping.**
- **Students list on attendance entry will be sort by department wise.**
- **Attendance entry will be based on Admission number.**
- **All NDE subjects hour should be in same time for all departments**
- **NDE hours are restricted for Handover, Extra class, Timetable Change and swap.**

Functionality

1) **Subject Master**

- New Subject Category NDE
- NDE subjects should be in NDE category

2) **NDE Group Master & NDE Subject group mapping**

- Creating Subject groups against Branch and academic year
- Mapping NDE subject to group

3) **Students Group Mapping**

- Mapping students from different departments to created NDE group.
- Students mapping to own department NDE subject is prevented.

4) **Time Table(Master, Day wise, Date Wise, Teacher Time Table)**

- Additional Student Group will be there for NDE subject, which will be the same group mapped to the academic year and department.
- Attendance Entry: - All students mapped to the NDE subject group from other departments will be displayed for attendance marking. Students list will be sorted by department wise. Attendance entry will be using admission number instead of roll number. Attendance entry will be done by the department which the subject belongs to.
- Swap, Timetable Change, Extra Class and Handover will not work for NDE subjects

Signed By:Devassia V P
Date:14.09.2023 18:26

- NDE Hour on time table should be same for all departments.
- Holiday and Suspension will be enabled for NDE hours.

5) **Student Duty Leave Entry**
   - Required NDE functionality change for duty leave entry.

6) **Student Wise Attendance Entry**
   - NDE Functionality change for Student wise attendance entry.

7) **Assignment**
   - Assignment mark entry will be done by the department which the subject belongs to.
   - All students from various departments will be listed for mark entry.
   - Assignment mark verification will also list the same record which the faculty entered.
   - Related reports also listed the same record.

8) **Internal Exam Module**
   - Exam will be conducted by the department which the NDE subject belongs
   - Mark entry also belongs to the department which the NDE subject belongs
   - On the mark entry screen all students will be listed from different departments.
   - For tutor exam verification the mapped students from different departments will be listed and same as the record which the faculty who created.

9) **Sessional Mark Processing**
   - Sessional processing settings changed for NDE subjects
   - Subject wise attendance calculation
   - Sessional mark Settings changes for NDE subject
   - Sessional Mark processing for NDE subject will be based on the student group

Signed By:Devassia V P
Date:14.09.2023 18:26

- Sessional Mark Verification (Tutor, HOD, Principal), on this the group students will be listed for verification process.
- Sessional mark Reports.

Purpose

This document is the functional listing of this project and also describes the functionalities of the project.

Project Elements

Development Life Cycle

- Design & Development
- Demo for testing
- Going Live

Modules

Students re-registration module

- Student registration master
- Student re registration option in student login
- Student application filling
- Registration verification in tutor login
- Registration print out
- Pending registration reports

Other fees receipt module Library

- Other fees fees entry
- Other fees receipt (Receipt number will be different)
- Other receipt report

1. Estimate Cost

Modules	Price
Subject credits obtained by students	4000
Report of students on library usage	1000
Students re-registration module	10000
Other fees receipt module Library	3000
Total	18000

***All taxes will be charged extra**

21/11/17

Terms

- Any change in the requirements from the client side will be charged extra, depends upon the cost incurred for the change. The delivery period also may get affected
- Continuous updating /Data Entry have to be managed by the client himself.
- Any additional work beyond the scope of contract will be billed extra.
- In the event of this project being discontinued on behalf of the client the client is responsible for paying the sum in full. As the most significant body of work is established at the outset, PCPL cannot sustain the loss corresponding to the time invested and the consequent work schedule disturbance.
- Client has to pay for additional license for the installation to any other entity
- Source code will be a property of PCPL.
- Support scope includes the support and training of existing software features. Any errors, bugs or functional errors will be taken care.
- Implementation will be module wise.

- Requirements should be given before implementation.
- All taxes will be charged extra

Sub: Revise the rate for Campus Management Software at St.Joseph Institute of Hotel Management.

Dear sir,

Thank you for the cooperation extended to the implementation of eLive campus software at St.Joseph College of Science and Technology.The support we received from the Management and staff is highly appreciable and it become a great part in the successful implementation.

It is our privilege to serve you further more with an additional application at college of Hotel Management, and it is approved with an amount of 200000 including Service Tax. Unfortunately if we proceed with these rate, it may bear huge loss to us, especially in the present economic situation.

14 % of the amount will be payable as service tax and it will be a burden for us . If you kindly approve the amount of 200000 as excluding service tax, it would have a great help for us. We are not trying to struggle you with an extra amount of Service tax, instead we are ready to share half portion of the service tax from our side too.
Hence we are kindly be requested you to approve an amount of 2 Lac as excluding service tax and half of the service tax amount, ie 7 out of 14% ,it will be very helpful us to withstand.

Expecting a favourable decision from you.

With Thanks

Jomon Joseph
Managing Director
Progessive Cybernetics Pvt Ltd

The AMC amount will be based on 2,00,000/- only (Two lakhs only). The 50% of tax is payable one time.

1 INTRODUCTION

eLive Campus is complete online campus management software extend campus information to teachers, staff members, parents, students and management. eLive Campus provides flexible access to users from within the school, from home or over the public internet - with digital encryption of your data offering peace of mind and security. Connecting your campus community with eLive Campus will provide you with the ability to offer staff new ways of working and provide parents with access to valuable family and student information. By accessing, viewing and managing information over the web, teachers can access information from home, whilst parents can access their child's attendance and academic records.

1.1 Purpose

An implementation plan is a technical document that provides a high level view of the overall structure of your project. Its contents may vary, depending on what information you have in other documents, like the Project Plan, and if this is the first time you are writing an implementation plan it couldn't hurt to ask for a template or the plan for a previous project.

Subject: Request for a part payment for e-Live Campus management system

Dear Sir,

Majority of the elive campus management software application is implemented in St.Joseph College of Engineering and technology, Palai as per the work contract given.

We already spend much time and money for the implementation till now, and its taking much delay than we expected due to the technical delay from your end. In this situation it is very difficult for us to withstand. We have received 25 % of the contract amount as part payment. It was a very good relief for us.

It would be very grateful if you could provide another part payment of 25%. We committed to provide necessary support further also. We are looking forward to get a favorable reply from you.

Yours faithfully

Accounts Manager

SOFTWARE LICENSE AGREEMENT

THIS AGREEMENT is executed on this the ... day of ..... 2015 between **Progressive Cybernetics Pvt Ltd**, (PCPL), *a company registered under the Companies Act 1956 with its registered office located at* ..... represented by its Managing Director Sri Jomon Joseph, S/o. T.P. Joseph, aged 40 years, residing at Perumballor hereinafter called '**FIRST PARTY**', which term shall wherever the context so admits or require, includes its successors *and* assigns.

AND

The Diocesan Technical Education Trust, Palai, a trust registered under the Indian Trust Act, 1882, with its registered office at Bishop's House, Palai, represented by its Chairman Msgr. Philip Njaralakatt, S/o. ~~Deavisia~~ Devasya aged 74 years, residing at Bishop's House, Palai hereinafter called '**SECOND PARTY**', which term shall wherever the context so admits or require, includes its successors *and* assigns and FIRST PARTY and SECOND PARTY shall collectively be referred to hereinafter as "Parties"

PREAMBLE:

FIRST PARTY is a Company registered in India involved in the development of software's for various purposes.

The SECOND PARTY is a trust involved in the ~~filed~~ field of Education and is running several Educational Institutions.

AND WHEREAS the FIRST PARTY has developed a software by name "E-live Campus" for the easy management of the daily affairs and accounts of Educational Institutions.

AND WHEREAS the SECOND PARTY is desirous of obtaining a license to use the said software by paying adequate license fees and for a specified period.

Signed By:Devassia V P
Date:14.09.2023 18:26

The parties are desirous of entering into an agreement whereby the FIRST PARTY grants a license to the SECOND PARTY to use and exploit the software "E-live Campus" for a specified period and hence the Parties have decided to enter into an agreement on the terms that shall govern the parties and this Agreement is executed for the said purpose, on the following terms and conditions:

TERMS & CONDITIONS:

1 *This agreement shall be deemed to have been commenced on 19th February 2015 and shall, subject to the terms hereof, continue for a term of 99 years.*

2 FIRST PARTY hereby grants a license to the SECOND PARTY to use and exploit the software "E-live Campus" (Hereinafter referred to as the software) for a period of 99 years commencing from 19th February 2015.

3 FIRST PARTY shall install the software on a server provided by the SECOND PARTY *and customize the same* within a period of 30days. The software shall be installed module wise, as per the Schedule appended herein *and shall go live from 01.04.2015.*

4 SECOND PARTY hereby agrees that in the event of the installation of the software as aforesaid being discontinued for any reason whatsoever attributable to the SECOND PARTY, the FIRST PARTY shall be entitled for the entire license fee irrespective of the stage of installation.

5 SECOND PARTY hereby agrees that in the event of the installation of the software being discontinued due to any reason beyond the control of the FIRST PARTY, the period so

Signed By:Devassia V P
Date:14.09.2023 18:26

discontinued shall be excluded while calculating the period for installation as mentioned in Clause 2 above.

6 The entire license fee for the use of the software for the period of 99 years shall be Rs 4,70,000/-, of which 25% shall be paid in advance before the installation of the software and the remaining 75% shall be paid immediately on successful installation of the software.

7 FIRST PARTY shall install only the basic ~~customised software~~ *along with the migrated data from the existing system* and all other data required for generating information shall be provided and entered by the SECOND PARTY.

8 SECOND PARTY hereby agrees that the continuous updating and data entry required for the running of the software shall be the sole responsibility of the SECOND PARTY.

9 *The FIRST PARTY shall make ~~necessary~~ modification in the software free of cost, when the proposed Technical University comes into existence.*

10 FIRST PARTY shall provide SMS Gateway, SMS Credits and Payment Gateway in the software on additional charges.

11 SECOND PARTY hereby agrees that any additional functional requirements outside the scope of this agreement will be chargeable according to the duration and effort.

12 FIRST PARTY shall provide support to the SECOND PARTY by providing training on existing software programmes and shall

Signed By:Devassia V P
Date:14.09.2023 18:26

take care of errors, bugs or functional errors noticed in the running of the software. *After completing the installation a Printed User Manual shall be provided to the second party.*

13 The said support provided by the FIRST PARTY shall be free of charges for the first year, further support will be provided only after both parties sign an Annual Maintenance Contract (AMC). The Annual maintenance charge for the first year after the above mentioned warranty period of one year shall be 8% of the total project cost. AMC charges can be varied for subsequent years on mutual agreement between both parties.

14 SECOND PARTY shall pay all taxes, imposed by any Central, State or local government entity on the transactions contemplated by this Agreement.

15 FIRST PARTY shall retain and own all intellectual property rights in the said software.

16 *FIRST PARTY shall install the software for the use of all the existing and future units of the second party.*

17 SECOND PARTY hereby agrees not to install or provide the software to any other entity or person without the express consent in writing of the FIRST PARTY.

18 FIRST PARTY shall not provide the source code of the software to the SECOND PARTY at any cost. However in the event of the FIRST PARTY ceasing to exist or is not in a position to give technical support to the software for any reason, the source code of the software shall be transferred to the SECOND PARTY.

Signed By:Devassia V P
Date:14.09.2023 18:26

19 This agreement can be terminated by either party by giving three (3) month's notice in writing to the other party.

20 Any dispute or difference arising out of or in connection with this agreement, if not settled amicably, shall be referred for Arbitration to a Sole Arbitrator *to be mutually agreed upon, and failing such agreement to an Arbitration Tribunal consisting of three arbitrators. Each party will nominate an arbitrator and these two arbitrators by mutual agreement will appoint the third arbitrator to constitute the Arbitration Tribunal. The Arbitration proceedings shall be governed by the provisions of the Arbitration and Conciliation Act 1996.* The venue of arbitration shall be at Cochin and the language shall be English. The Civil Courts in Cochin shall have exclusive jurisdiction to deal with matters arising therefrom.

IN WITNESS WHEREOF THE PARTIES ABOVE NAMED, affixed their hands on this day, ... day of March 2015.

FIRST PARTY **SECOND PARTY**

IMAGINATION INTO REALITY

1 INTRODUCTION

eLive Campus is complete online campus management software extend campus information to teachers, staff members, parents, students and management. eLive Campus provides flexible access to users from within the school, from home or over the public internet - with digital encryption of your data offering peace of mind and security. Connecting your campus community with eLive Campus will provide you with the ability to offer staff new ways of working and provide parents with access to valuable family and student information. By accessing, viewing and managing information over the web, teachers can access information from home, whilst parents can access their child's attendance and academic records.

1.1 Purpose

An implementation plan is a technical document that provides a high level view of the overall structure of your project. Its contents may vary, depending on what information you have in other documents, like the Project Plan, and if this is the first time you are writing an implementation plan it couldn't hurt to ask for a template or the plan for a previous project.

II. Product Over view

- e-Livedampus is highly secured and scalable web based campus management system. Works on both Intranet and Internet. The System is protected, accessed through individual login Admin / Parents / Students / Teachers.
- It is a Well-developed Academic Enterprise Resource Planning - ERP Software exclusively for Colleges Schools and Universities.
- Easy to use, user-friendly interfaces for easy navigation.
- Reduces the manpower, cost and time benefiting the administrators, office bearers, teachers and the students to maximize their efficiency.
- Has inbuilt database back up facility, Secured and reliable.
- Synchronization option given for offline to online data
- Single database management system, accessible from variable locations
- Multiple institutional or multiple College management system.
- It can be used as a multi user application which fits into varied campus curriculum operations.
- Time table based Attendance system.
- Student Fee accounts management.
- Student university or Board reports
- Customize on your own different types of reports to help management for better administration
- Time table based Attendance system.
- Student Fee accounts management.
- Fees module with barcode integration
- Transaction alerts on fees payment
- Student university or Board reports
- Customize on your own different types of reports to help management for better administration
- Library Management system with barcodes and advanced stock tracking module.
- Options for Access Control Modules using smart cards
- Transport management module.
- Better Organized Hostel Management
- Human Resource and Payroll Management.
- Accounts and Inventory Management.
- Option to Integrate E-Learning Portal and Content Management Modules
- Ultimately maintains efficient management through systematic functioning
- Expert engineers for implementation, training and after support
