Dear Sir/Madam,

Greetings from Department of Computer Science and Engineering, SJCET Palai (St. Joseph's College of Engineering And Technology, Palai).

SJCET is affiliated to APJ Abdul Kalam Technological University(KTU); and is recognized by the Government of Kerala and approved by the AICTE. Together we have a 2500 odd strong student community.

Harnessing a completely new paradigm of engineering pedagogy, The department of Computer Science and Engineering at SJCET focuses on meeting the Industry needs proactively. The entire academic exercises condition the aspirant engineers/technocrats to meet the needs of the Industry, making them real corporate ready, even before they venture out into the corporate world. We ensure regular corporate interactions and Internships etc. thereby ensuring maximum Industry exposure. Our affiliating university, APJ Abdul Kalam Technological University also prescribes students to undergo genuine Internship to gain more insights on the real time projects and technologies; thereby enabling them to familiarize with current and future technologies. Such corporate interactions are possible only with patronage of great, supportive organizations like yours.

In this context, 20 students of II year , S4-CSE would like to undergo an internship training at your Organization(Technovalley Software India Private Limited, Edappally, Ernakulam) during the month of May 2023 starting from May 8th - May 20th 2023. Our request is to grant them an opportunity to learn about the current trends and technologies from the organization which would help them to get a good job during the campus placements.

Thanks & Regards

Internship Coordinator
