On 29th October 2022, the NSS volunteers of St Joseph's College of Engineering and Technology Palai, along with the Agricultural Development Society of Mutholy Grama Panchayat involved in cleaning the agricultural land in order to utilise it for growing wide varieties of tapioca. About 100 volunteers both junior and senior volunteers together cleaned the land for plantation purpose. Mr Sasikumar, the President of Mutholy Grama Panchayat addressed the volunteers and from his note the program officer, Mr. Anto Manuel, grouped the volunteers into 5 groups of each with 20 volunteers. The volunteers work very exuberantly. Along with that the volunteers also helped in clearing weeds in the ladyfinger plantation. The program ended with the distribution of tea and snacks. Bus facility was provided to all the volunteers who participated. The program came out to be a great success.

Agriculture is our cleverest pursuit, because it will in the end contribute most to real wealth, good morals & happiness." NSS volunteers from unit 201 of Sjcet, Palai utilised the opportunity with the farmers of our nearby area for horticulture. Rev. Dr. Joseph Maleparambil inaugurated the program on 12th Nov 2022 at 9.30 AM. The students were very active in doing the insisted works. Food was provided for the students. Volunteer secretaries of the units guided the program.

Kootickal Rejuvenation of Buildings in flood affected areas

REBUILD KERALA

Government of Kerala established Rebuild Kerala Initiative (RKI) to bring about a perceptible change in the lives and livelihoods of the people of Kerala after the state had been devastated by two major floods in 2018 and 2019. RKI presents a unique approach in rebuilding the state. One of the major components of this Initiative is the renovation of public roads maintained by the Local Self Govt Department (LSGD). The works related to field investigation for preparation of DPR were delegated to SJ CET, Palai. SJ CET Palai has a Tier II Collaboration with RKI (G.O.(Rt).No.2179/2020/LSGD, Dated:20.2.2020) and Department of Civil Engineering. SJ CET Palai ensures Quality Assurance at the site by conducting random checks and suggests possible improvements where ever required.

NSS REHABILITATION SURVEYING PROGRAMME

ST. JOSEPH'S COLLEGE OF ENGINEERING AND
TECHNOLOGY, PALAI

NSS UNIT NO.201 & UNIT NO.564

FROM 26 AUGUST 2018 – 1 SEPTEMBER 2018

INTRODUCTION:

The NSS unit no. 201 and unit no. 564 of St. Joseph's College Of Engineering and Technology, Palai, conducted a seven day rehabilitation surveying programme in accordance to The Government of Kerala ordered decision, entrusted to the Directorate of Technical Education Kerala and APJ Abdul Kalam Technological University as a part of rehabilitation works in the flood affected areas. Volunteers from both the units worked in the surveying programme conducted in six various panchayaths of block Ettumanoor, Kottayam district.

The rehabilitation surveying programme was conducted in Neendoor, Thiruvapp, Arppokkara, Athirampuzha, Aymanam and Kumarakom panchayaths. College chairman Rev.Msgr. Dr. Joseph Kollampampil and manager Rev. Fr. Mathew Koramkuzha initiated the activities and supported the cause which was brought up by the principal of the college, Dr. J. David. The activities were conducted in seven long days under the supervision and management of the

programme officers Mr. Anto Manuel and Mr. Baiju Jacob. Separate staffs were appointed to each panchayaths for looking over the students and their works each day.

Over 80 students participated who were divided into various numbers by the volunteer secretaries of both the units, Abhay P and Riya Ros Abraham (unit no.201) and Aneesh George and Gayathri Raj (unit no.564) as required by the respected panchayath assistant engineers' requests. All the houses scattered in various blocks in each panchayaths were surveyed in seven days.

SURVEY OVERVIEW:

The survey was based on collecting the details of the various check lists listed below:

- District
- Taluk
- Panchayath
- Name of the owner of the building
- Address and
- Road proximity

And the rapid visual screening of buildings contained:

- I. Plot area
- II. Whether the land is dry or wet
- III. Nature of soil
- IV. Plinth area of the building
- V. Age of the building
- VI. No. of stories

- VII. Whether the building is load bearing or framed?
- VIII. Type of building, floor and wall
- IX. Type of foundation
- X. Any cracks / failure in foundation
- XI. Roof failures (water dripping, cracks or slab slagging?)
- XII. Nearby water sources and distance from the water body
- XIII. Max flood level reached
- XIV. Position of the well (sunken, working condition?)
- XV. Water supply lines and water tanks
- XVI. Sanitary fittings
- XVII. Is there any septic tank? (type, working condition)
- XVIII. KSEB consumer no and problems if any in meter box & electrical fittings
- XIX. Photo of the building and cracks

SURVEYING DETAILS IN VARIOUS PANCHAYATHS

1. AYMANAM PANCHAYATH:

7 students worked with the respected overseers allotted to work in different wards managed and supervised by the respected assistant engineer Mr. Shanavas in Aymanam panchayath. About 2500 houses were surveyed and the data was entered. Photos of the buildings, cracks occurred and other problems were taken and send to the officers.

2. ARPOOKARA PANCHAYATH:

11 students worked with the respected overseers allotted to work in different wards managed and supervised by the respected assistant engineer Mrs. Soumya in Arppookara panchayath. About 2500 houses were surveyed and the data was entered. Photos of the buildings, cracks occurred and other problems were taken and send to the officers.

3. NEENDOOR PANCHAYATH:

11 volunteers worked with the respected overseers allotted to work in different wards managed and supervised by the respected assistant engineer Mrs. Sheena in Neendoor panchayath. About 1000 houses were surveyed and the data was entered. Photos of the buildings, cracks occurred and other problems were taken and send to the officers.

4. THIRUVARPP PANCHAYATH:

23 volunteers worked with the respected overseers allotted to work in different wards managed and supervised by the respected assistant engineer Mrs. Surabhi in Thiruvarp panchayath. About 4000 houses were surveyed and the data was entered. Photos of the buildings, cracks occurred and other problems were taken and send to the officers.

5. KUMARAKOM PANCHAYATH:

20 volunteers worked with the respected overseers allotted to work in different wards managed and supervised by the respected assistant engineer Mr. Varghese Eapen in Kumarakom panchayath. About 4500 houses were surveyed and the data was entered. Photos of the buildings, cracks occurred and other problems were taken and send to the officers.

6. ATHIRAMPUZHA PANCHAYATH:

5 volunteers worked with the respected overseers allotted to work in different wards managed and supervised by the respected assistant engineer Mrs. Priya in Athirampuzha panchayath. About 1000 houses were surveyed and the data was entered. Photos of the buildings, cracks occurred and other problems were taken and send to the officers.

The surveying work continued for 7 continues days and about 15000 houses were surveyed and the data was entered. The surveying work got many positive reviews and all the volunteers participated received great experience.
