

Report

Applications of Electromagnetic in the Field

Electronics and Communication Students Association in association with Electrical and Electronics Engineering Association and Centre for continuing education and skill development cell organized an expert talk by Captain Babu Joseph (retd.), Indian Air Force on the topic '**Applications of Electromagnetic in the Field**'. The talk was conducted at St. Joseph Seminar Hall on 12th December 2022 at 1.30pm.

Fourth year students of both Electrical & Electronics Engineering and Electronics & Communication Engineering attended the session. Session was started after the welcome speech by Dr. Shancy Augustine, Assistant Professor, EEE Dept. During the session the resource person discussed about the applications of Electromagnetics in military. He discussed about applications like jamming enemy signals, protecting allied signals, missile defense, and many more. That was a very interesting session for the students.

After the Q&A session, Prof. Sabarinath G., Assistant Professor, Dept. of ECE, delivered the vote of thanks. The session came to an end by 4.30pm.
