## Webinar on SKILL DEVELOPMENT AND LIFE LONG LEARNING

### Objective of the programme:

To enhance the knowledge of students and to make them understood of if we all work on inclusion together, it's going to be faster, broader, better, and more thorough than anything we can do on our own

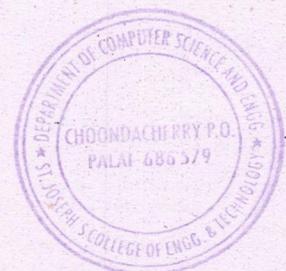

### Outcome of the programme:

CO1: By attending the session you got clear idea on benefits and need on improvement of our technical skills and knowledge. And also what are the sources of these kinds of skills and the relevance of professional societies.

CO2: By attending the session you got awareness on what do you mean by lifelong learning? How to do this?

# Event Report

Event Information					
Event Name:	FLUTTER APP DEVELOPMENT WORKSHOP		Resource Person:	Chrisbin Sunny, web & mobile developer	
Event Date:	29/09/2021-02/10/2021	Event Time:	7:00 pm-8:00 pm	Event Location:	GOOGLE MEET
No. of Attendees for the Event:		100			
<b>Executive Summary</b>					
<p>SICET Startup Bootcamp conducted a 4-day beginner workshop on Flutter app development. The app development workshop was trained by Chrisbin Sunny, Web and Mobile Developer. The session focussed on learning Flutter from the very basics by building real apps step by step. The session covered the key concepts and widgets you need to learn to get productive. It focussed on how to use Flutter to develop high-quality, interactive mobile applications both for iOS and Android devices. In this training class, participants were trained to code using Dart (a programming language) and build beautiful, fast, native-quality iOS and Android apps, that helped participants to become Flutter Developers. The participants were also given a plethora of opportunities to showcase their amazing apps built as part of the training and share their work experiences. Tips and tricks were shared with the participants that were beneficial for the contestants while developing Flutter apps. The session encouraged learners to ask questions, share their experiences. Through simple design and learning, students were actively involved in developing apps using Flutter. The session received positive feedback from the participants. The workshop proved both engaging and informative.</p>

## Webinar- CAREER IN VIDEO GAME INDUSTRY

Venue: Google Meet

Date: JANUARY 3RD 2021 8 PM - 9 PM

### Introduction

IEEE SB SJCET Computer Society chapter conducted a webinar on the topic “**CAREER IN VIDEO GAME INDUSTRY**” on **JANUARY 3RD 2021 8 PM - 9PM**. The session was taken by MR.Agnel P Blaise(Game Developer).This Webinar gave a brief idea about opportunities in the Gaming industry in India as well as internationally.

### Brief Description

IEEE SB SJCET in association with our CS Society had conducted a webinar on the topic “**CAREER IN VIDEO GAME INDUSTRY**” on **JANUARY 3RD 2021**. The session was taken by MR.Agnel P Blaise (Game Developer).The session was conducted from 8PM-9PM using Zoomt as the platform for the webinar, We marked a participation of 60 members which consisted of 20 IEEE members 10 IEEE Computer society members and 30 non IEEE members, The session was started with a self introduction by Mr.Agnel P Blaise and later the session discussed about the huge arise in the economy of gaming industry. It was conducted as fun interactive 1 hr session.He discussed about the topics such as the most wanted programming language in the industry,to the different game development engines also he touched upon the topics such as the ways in which a student can get into this fascinating industry.For about 45 min we had a very interactive session and for the last 15 mins we had a Q&A for answering various questions asked by the participants.

The session was mainly aimed at making the attendees more informative about the gaming industry that it is not only limited to just playing games and championship battles but also areas such video game developers/designers write and debug codes to develop games for different platforms. There were many doubts from the attendees regarding the session and was cleared throughout. The outcome was fruitful and the responses were nice.

## Report on Webinar "Introduction to Blockchain Technology"

The Department of Computer Science and Engineering at St. Joseph's College of Engineering and Technology, Palai, in association with The Computer Science & Engineering Association (CSEA) , organized a webinar on "Introduction to Blockchain Technology." On 23<sup>rd</sup> January 2021. Ms. Hari Priya, an alumna of the CSE department, delivered a session for the final-year CSE students. Approximately 120 students and 10 staff members attended the session. Prof. Kishore Sebastian welcomed the gathering, and Prof. Mereen Thomas delivered the Vote of Thanks. The session covered the basics of Blockchain technology and proved to be beneficial for the final-year students in the context of their projects and placements."

## International Webinar on Applications of Artificial Intelligence

By

**Mr. Abu Mathew Thoppan, Senior Specialist, Innovation, iHiS**

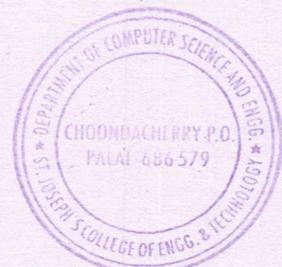

Dear Educator,

*Transfer Learning can enable you to rapidly deploy AI technologies in your research project by leveraging the existing experience of pre-trained neural networks.*

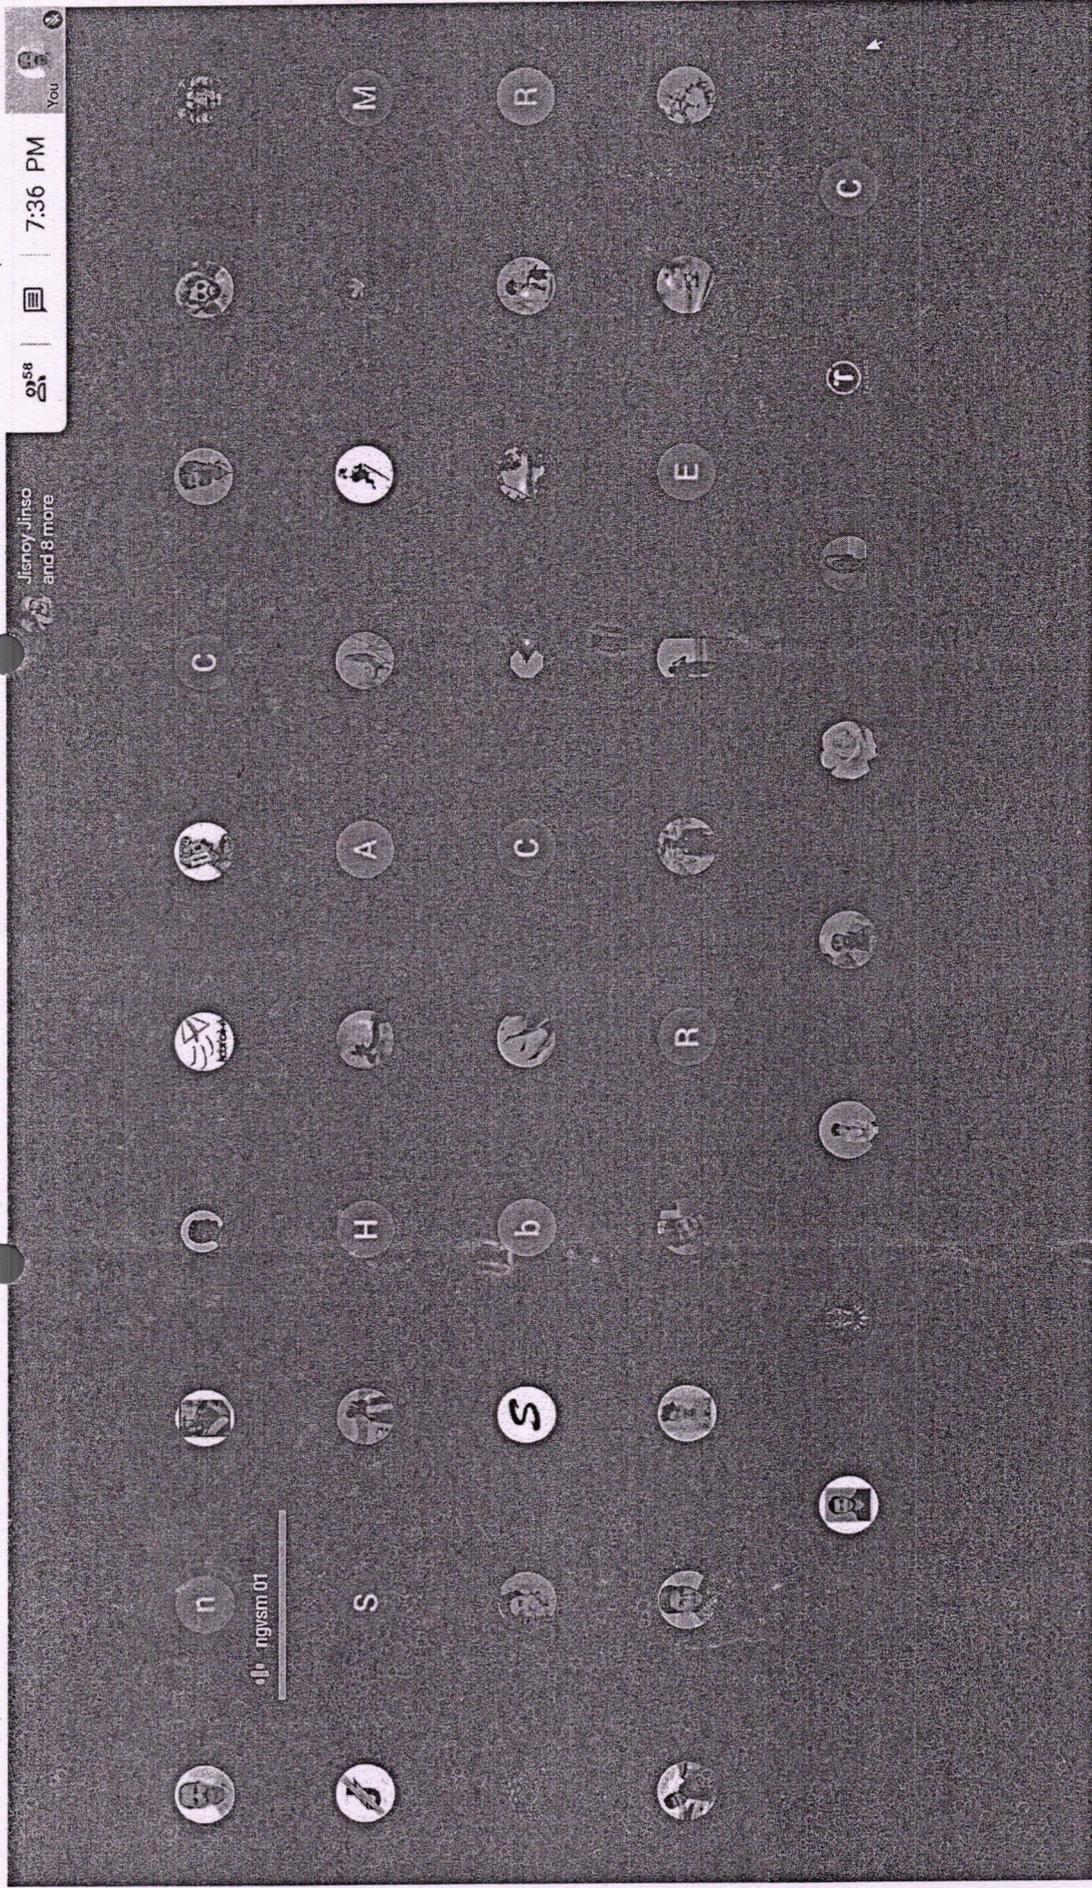

Join us for a live International Webinar on the topic *'Applications of AI and Developing AI Applications using Modern Tools'* on **Saturday, January 16th at 7:00 pm IST** where we demonstrate how to seamlessly develop a custom Artificial Intelligence Applications in Health Care and IT, via two popular research platforms – the **MATLAB® Deep Learning Toolbox™** as well as **Tensor Flow with Python**.

*The customized AI based applications will be deployed on both PC as well as embedded targets for use with a variety of Quanser systems such as the QCar, QDrone and QArm.*

# Machine learning

A branch of *artificial intelligence* concerns the systematic construction of systems and study of algorithms that can *learn* from *data* to improve their knowledge or performance

The open-source community provides a great opportunity for aspiring programmers to distinguish themselves, and by contributing to various projects, developers can improve their skills and get inspiration and support from like-minded people. But they can prove that they can build fantastic experiences that people love.

The Department of Computer Science and Engineering at St. Joseph's College of Engineering and Technology Palai in association with Computer Society of India (CSI) Student Chapter of SJCT Palai organized a webinar on "Why contributing to the Open Source World would be better"

**Key takeaways-**

- Why contribute to open source
- How it will benefit
- How it works currently
- About Leapcode

**Speaker-**

Mr. Kuruvilla George Aiyankovil,

Leapcode

Webinar on

Why contributing to the Open Source World would be better

Saturday 8th August 2020, 4 PM

The poster features a central white box with a black border containing the following text: "Webinar on Why contributing to the Open Source World would be better". Below this, it says "Register here" with a QR code and the URL "bit.ly/webr-oss". To the right, it states "Open to All", "August 8, 2020", and "4:00 PM". Further right is a circular portrait of a man, with the text "Kuruville George Aiyankovil" and "Leapcode" below it. The background of the poster is a grayscale image of a person's face. Logos for "LEAPCODE SOCIETY OF ENGINEERS" and "SJCET PALAI" are in the top corners. At the bottom, it says "Dept. of Computer Science & Engineering" on the left and "ST. JOSEPH'S COLLEGE OF ENGINEERING AND TECHNOLOGY - PALAI" on the right.

## Webinar:- CAREER OPPORTUNITIES IN BLOCKCHAIN

Venue: Google Meet

Date: MAY 2ND 2020 7 PM - 8 PM

### Introduction

IEEE SB SJCET Computer Society chapter conducted a webinar on the topic "**CAREER OPPORTUNITIES IN BLOCKCHAIN**" on **MAY 2ND 2020 11AM - 12 PM**. The session was taken by Stanly Johnson (Blockchain Engineer and Researcher, SovereignWallet Network). This Webinar gave a brief idea about how to get started in Blockchain and showcase us that software industry in general values skills more than credentials and as such, there is very less gatekeeping, if you are talented, nothing can stop you.

### Brief Description

IEEE SB SJCET in association with our CS Society had conducted a webinar on the topic "**CAREER OPPORTUNITIES IN BLOCKCHAIN**" on **MAY 2ND 2020 11AM - 12 PM**. The session was taken by MR. Stanley Johnson (Blockchain Engineer and Researcher, SovereignWallet Network). The session was conducted from 11AM - 12 PM using Google Meet as the platform for the webinar. We marked a participation of 50 members which consisted of 8 IEEE members, 8 IEEE Computer Society members and 34 non IEEE members. The session was started with a self introduction by Stanley Johnson, and briefing about his role in the field of Blockchain and his contributions to the various paths in blockchain technology. The session also discussed the evolution of blockchain, blockchain developer, smart contract developer, DApp Developer, Blockchain Architect and contribute to open source projects. For the last 15 mins we had a Q&A answering various questions asked by the participants.

The session was mainly aimed at making the attendees more informative about the career paths in blockchain technology. Blockchain is a rapidly developing field, and these roles and technologies are continuously evolving. There were many doubts from the attendees regarding the session and were cleared throughout. The outcome was fruitful and the responses were nice.
