Cycle 1 - NAAC Accreditation 2023

Criterion - 1

Curricular Aspects

1.4 Feedback System

1.4.1 Institution obtains feedback on the academic performance and ambience of the institution from various stakeholders, such as Students, Teachers, Employers, Alumni etc. and action taken report on the feedback is made available on institutional website.

A: Feedback collected, analysed, action taken and feedback hosted on the institutional website.

Submitted to:

National Assessment and Accreditation Council

ACTION TAKEN REPORT BASED ON THE FEEDBACK FROM STUDENTS ON INFRASTRUCTURAL FACILITY FOR THE ACADEMIC YEAR 2022-23

This institution is affiliated to APJ Abdul Kalam Technological University. For continuous improvement in the infrastructure facilities provided to the students, the institution obtains feedback from students. Based on the feedback collected from the students, Following are the decisions taken by the institution for improving infrastructural facilities

1. Hostel mess committee is constituted to monitor the SJ CET hostel mess and other allied facilities in a smooth manner. They are instructed to meet once in a month to evaluate and to take appropriate actions to conduct the hostel mess and allied facilities so that quick actions can be taken for the benefits of the inmates of the hostel.
2. In order to improve the WIFI facilities, access points are increased based on the number of students in the hostel.
3. As per the suggestions from the students, gym facilities were enhanced by purchasing body fitness equipments.

ACTION TAKEN REPORT BASED ON THE FEEDBACK FROM STUDENTS ON TEACHING EFFECTIVENESS FOR THE ACADEMIC YEAR 2022-23

This institution is affiliated to APJ Abdul Kalam Technological University. The Board of studies prepares the curriculum based on the feedback and suggestions from the affiliated colleges through the conduct of meetings with Principals before preparing the curriculum.

For continuous improvement in the quality of course delivery, institution obtains feedback on curriculum design, course delivery and the support required by the students from the department and the institution. Based on the feedback collected from the students, Following are the decisions taken by the institution.

1. In order to improve the subject knowledge, members of faculty are advised to take up atleast one FDP and One NPTEL course in a semester
2. Department meetings are regularly held to discuss about the course delivery and they are motivated to exhibit pleasant behaviour in classes.

This institution is affiliated to APJ Abdul Kalam Technological University. The Board of studies prepares the curriculum based on the feedback and suggestions from the affiliated colleges through the conduct of meetings with Principals before preparing the curriculum.

For continuous improvement in the quality of course delivery, institution obtains feedback on curriculum design, course delivery and the support required by the students from the department and the institution. Based on the feedback collected from the alumni, Following are the decisions taken by the institution.

1. To provide practical application of the courses, it was decided in the council meeting to conduct industrial visits
2. Decided to provide opportunities for students to work in interdisciplinary teams
3. Decided to impart training programs to students to ensure that the students have the necessary skills to use modern engineering tools. This includes on-the-job training and internships
4. Decided to develop engineering solutions to address the identified societal needs and issues. This involve working with interdisciplinary teams and collaborating with experts in related fields.

ACTION TAKEN REPORT BASED ON THE FEEDBACK FROM ALUMNI FOR THE ACADEMIC YEAR 2018-19

This institution is affiliated to APJ Abdul Kalam Technological University. The Board of studies prepares the curriculum based on the feedback and suggestions from the affiliated colleges through the conduct of meetings with Principals before preparing the curriculum.

For continuous improvement in the quality of course delivery, institution obtains feedback on curriculum design, course delivery and the support required by the students from the department and the institution. Based on the feedback collected from the alumni, Following are the decisions taken by the institution.

1. It was decided to conduct gap filling courses and talks by the individual department. One Expert talk is to be organized during the current semester by each department. (Notice dated 21/02/2019)
2. It was decided to incorporate more hands-on, project-based learning opportunities to the students. This includes internships, co-op programs (Co-op - short for cooperative education, is a program that balances classroom theory with periods of practical, hands-on experience prior to graduation) and capstone design projects. This provides a real-world experience to the students in solving complex engineering problems.
3. Decided to incorporate more case studies and problem-based learning during the course delivery. This helps students to develop the skills necessary to analyse and interpret complex engineering problems.
4. Decided to provide opportunities for students to work in interdisciplinary teams, where they can collaborate with students from other fields, can help them gain a broader perspective on the problem-solving process and learn how to apply their technical skills in a wider context.
