## 1.2 Women in Development Cell

Women historically have been under presented in scientific and technical fields. Women can only realize their true potential, if and only if they have easy access to education and play a full role in community's decision-making process. This is too true that "Equal access to education, training and science and technology: Pathway to decent work for women". Education solely can make anyone a better someone. When people realize this, and work for it, the world would be a better place for everyone. It is the integration of women into the global economies by improving their status and assisting in total development. To set the fire of 'the desire to win' in young women's heart, SJ CET formally inaugurated her Women in Development Cell, Eva Reyna in Nov 2005. With blessings of almighty and the auspicious presence of Miss Mary Metilda, Professor of Maharajas College, Ernakulum has begun its mission to promote and support the advancement of women in the professional field. It seeks to empower women as a decision maker, to achieve economic, social and gender justice, a healthy peaceful planet. The Cell was constituted to help maintain a harmonious atmosphere at the Institute, to enable women to pursue their work with dignity and reassurance. The Cell has been working to raise awareness in the community on gender equality issues. The cell plans to organize lectures and interactive sessions with experts in different fields, create awareness about all the important issues, hold group discussions on different relevant topics. The Women's cell also aims at introducing the history of successful women which will give a pride in our heritage. Any employees including faculty, staff, contractual, temporary, casual and student of Institute can approach the Women Development Cell.

### 1.3 Women in Engineering

**IEEE Women in Engineering (WIE)** is one of the largest international professional organizations dedicated to promoting women engineers and scientists and inspiring girls around the world to follow their academic interests to a career in engineering.

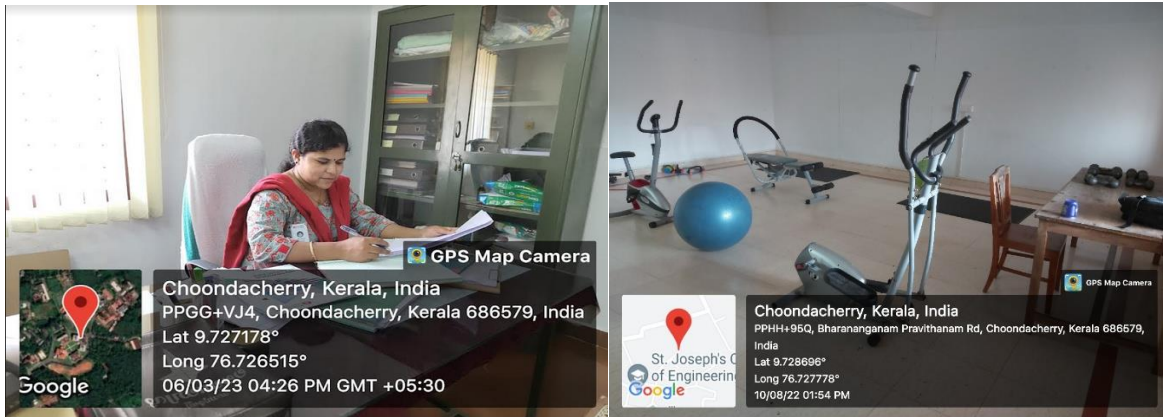

Kerala Section WIE affinity group has always been an active and vibrant group with passionate volunteers, summing to around 700. Membership status and quality of programs have shown a tremendous hike in the last two years. Apart from the usual chores of WIE Congress and face to face meetings, WIE Star and WIE Week Celebration are also key highlights. Each year is showcased with new initiatives and ideas bringing benefit and development to the society. WIE even promote entrepreneurship activities.

## 1.4 Amenities for Women

Certain amenities like Counseling, Gymnasium, Medicare, CCTV, Sanitary pad vending machine etc. are shown below.

## 1.5 Committees in Association with Gender Equity
